TENSEI™ 1K PRO CORE BLACK

TENSEI™ 1K Pro Core Black utilizes a new application of 1K carbon weave in the inner core layer, creating a solid, stable feel that increases strength in the shaft and lowers torque, while providing the signature “1K feel.” Featuring high modulus carbon and a stunning holographic decal, the TENSEI™ 1K Pro Core Black is perfect for high-speed players looking for low launch, low spin performance, great feel, and a premium finish.
