

Kai'li DEEP WAVES **BLUE**

MID-LAUNCH. MID-SPIN. DEEP POWER.

NEW Kai'li™ Dark Waves Blue Available JAN 2025

Classic, Proven, Low-Torque Mid-Launch Profile

Super Low Resin Content Prepreg in Torque Core

KAI'LI™ DARK WAVES BLUE

The new Kai'li™ Dark Waves Blue derives its name from a blend of words that evoke the power of the ocean – the perfect moniker for an unprecedented shaft that explores new depths of strength and performance. Kai'li Dark Waves Blue, with its taper butt design offers the same active feel in the hands and slightly higher launch and spin than Kai'li Dark Waves White. Kai'li Dark Waves Blue utilizes our Super Low Resin Content Prepreg and an MR70-reinforced tip, and now our proprietary Xlink™ Resin System which combine to make Kai'li Dark Waves Blue a smooth, stable, and durable Classic Mitsubishi Blue profile. Kai'li Dark Waves Blue: A modern, mid launching mid spinning shaft built to provide the stability demanded by stronger swings and heavier head weights.

Player Profile: Golfers looking for a mid launch, mid spin Blue profile with low torque should start with Kai'li Blue.

KAI'LI™ DARK WAVES BLUE FEATURES
