

Kai'li DEEP WAVES **WHITE**

DARK WAVES. BOLD VISION. DEEP POWER.

NEW Kai'li™ Dark Waves Edition Available JAN 2025

Built for the Modern Golfer, Low-Launch w/ Taper Butt

Super Low Resin Content Prepreg in Torque Core

KAI'LI™ DARK WAVES WHITE

The new Kai'li™ Dark Waves White derives its name from a blend of words that evoke the power of the ocean – the perfect moniker for an unprecedented shaft that explores new depths of strength and performance. A taper butt design creates a smooth feeling in the hands not often associated with low-launch, low-spin profiles. Designed to keep torque low for stable flight and tight dispersion, Kai'li™ Dark Waves shafts feature a super strong tip reinforced by MR70, Super Low Resin Content prepreg in the torque core, and now our proprietary Xlink™ resin system to increase the durability and strength at impact/tip.

Player Profile: Kai'li™ Dark Waves White is a purely constructed low torque, low launch shaft that offers the feel of a taper butt design in a whiteboard profile for the first time. An ideal shaft for the modern power game.

KAI'LI™ DARK WAVES WHITE FEATURES

✓ INCREDIBLE RESPONSIVENESS IN LOW PROFILE ✓ MR70 CARBON FIBER ✓ SUPER LOW RESIN CONTENT PREPREG
